President Says Berlin Threat Lifted; Reach Terms For Summit Meet

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Eisenhower said today of his talks with Premier Nikita S. Khrushchev that the threat to Berlin no longer exists and his personal conditions for holding a Summit Conference have been met.

But Eisenhower declined to say in so many words that the Soviet leader had given him personal assurances which amounted to lifting the Berlin threat.

He replied to news conference questions on that point by saying he did not want to put words in anybody's mouth.

Situation Is Abnormal

Eisenhower said he agreed with Khrushchev that the Berlin situation is abnormal—because of the existence of a group of free people inside Communist territory. He said that some system must be found which would be acceptable to both sides.

He disclosed that in the course of the talks which he had with Khrushchev at Camp David, Md., from Friday night to Sunday afternoon, Khrushchev had said that in a friendly way he would take up with Chinese communist leaders the problem of five Americans still held prisoner in Chinese Communist jails.

Praises Americans

He said they spent very little time talking about Communist China, however, because they immediately found that their views were totally opposed.

The President began his unusual Monday morning news conference with glowing praise for the American people's treatment of Khrushchev.

He called them very sophisticated in being able to listen to the other fellow's arguments and criticism while remaining strong in their own conviction.

Eisenhower spoke with a slight nasal stuffiness. He said he had come back from Europe with the beginning of a cold.

The news session was set just 13 hours after the almost inextinguishable Communist leader flew off to Moscow, apparently satisfied that his 13-day American visit had been a whopping success.

Well in advance of his meeting with reporters Eisenhower was understood to have dispatched accounts of his talks with Khrushchev to Prime Minister Harold Macmillan of Britain, President Charles de Gaulle of France and German Chancellor Konrad Adenauer—all of whom he had consulted prior to Khrushchev's coming here.

Khrushchev spent two hours in front of the television cameras, discussing the talks, and extolling the achievements of Soviet communism. A few hours later he boarded his huge TU114 jet prop airliner at Andrews Air Force Base with his wife, children and aides and soared into the dark sky toward a hero's welcome in Moscow.

In his farewell address he spoke of his meeting with Eisenhower and the President's return trip to the U.S.S.R. next spring as "the beginning of joint efforts in the quest of ways of bringing our two nations closer together and strengthening general peace."

EXPAND PHONE SERVICE HERE

Three hundred press and radio men gathered here in the Hotel Gettysburg press room to report on the meetings of President Eisenhower and Chairman Khrushchev dispatched their news bulletins and radio commentary via the facilities of the United Telephone Company.

The phone company in filling numerous requests for many different types of service, from individual lines, to radio broadcast circuits, to picture wires and other special lines, passed its 100,000th telephone milestone.

Achieving the 100,000 mark represents a 100 per cent increase in less than ten years in the number of telephones served by the United Company.

In addition to providing all types of facilities for the press and radio, the Telephone Company augmented its traffic operating forces to handle the avalanche of calls originating in the news room at the end of each news conference conducted by presidential press secretary James C. Hagerty. Telephone operators from Carlisle, Chambersburg, Littlestown, Biglerville and Waynesboro joined the regular Gettysburg traffic force in establishing the connections which sped the news from its hub in the press room to the far corners of the world.

500 AT SERVICE DEDICATING PARISH HOUSE

More than 500 attended the services held Sunday morning dedicating the new parish house of Christ Lutheran Church on Chambersburg St.

The dedicatory exercises were held at the door of the new structure west of the church at 10:45 o'clock Sunday morning after which the congregation moved into the church for the remainder of the service. An open house was held at the new structure Sunday afternoon.

Rev. Herman G. Stuempfle Jr., former pastor, officiated at the service and was presented with the key to the door of the new parish building by Ray Mock, Rev. M. R. Hamsher assisted in the program.

Rev. Dr. W. Kent Gilbert III, editor of the Board of Parish Education of the United Lutheran Church in America, delivered the sermon at the church.

He told the congregation to "regard this building which has been erected as the Jews considered the stones placed by Joshua and his people after they passed over the Jordan, as an indication of the mighty power of God. See in this concrete, brick, steel and glass something which is indicative of the power of God."

"Those entrusted to our care should know the Word of God and know of the grace of God. Congregations like this are taking up this task with renewed seriousness. Not just buildings, but in the activity of people who are committed to God and know what He has done for them. This is how new buildings become a matter of eternal significance."

In Sept., 1919, he married Carrie M. French, following the death of his first wife the year before.

2,618 Known Dead Are In Storm; 927,708 Homeless

TOKYO (AP)—Japan staggered today under mounting casualties from the whiplash of a weekend typhoon which left at least 2,618 dead or missing and 927,708 homeless.

Wary officials at national police headquarters worked around the clock to keep up with the rising toll as rescuers dug through mud and debris for bodies. By noon they listed 1,161 known dead, 1,467 missing and 4,668 injured.

Widespread crop damage sent prices of rice and vegetables skyrocketing, heaping more hardship on the grieving populace.

Eyewitness accounts of one of the mightiest typhoons ever to hit Japan told a cruel story.

A Japanese newsman who visited Nagashima, a town in central Japan, reported: "I could only guess the location of the main street. It was completely submerged by floodwaters. So was the railway station and the movie theater. Everything was gone, it seemed, except for the old man and old woman on whose boat I

The Russian reporters and photographers who came to this country with Premier Khrushchev, and who were in Gettysburg Friday and Saturday, attracted a little more than passing attention. They were far different than the other members of the corps. Their clothes were shop-worn, most of them were badly in need of haircuts and they had little consideration for their fellow photographers.

They did not appear to be interested in the informal talks between their leader and Mr. Eisenhower and they were more interested in taking pictures of everything except Khrushchev.

On Friday they spotted a large easel advertising a movie at the Majestic Theater which featured a scantily clad actress, directly in back of a sign reading "White House Press Room." Out came their cameras and they took scores of pictures of the two pieces. One passing lensman correctly estimated the situation when he said, "That photograph will be widely circulated in every red-tinted country."

On shopping expeditions the Russians carefully inspected at length every piece of merchandise they could lay their hands on. They asked questions and alternated between speaking some English and declaring they couldn't speak English.

One Red reporter stoutly declared one afternoon in a drug store that he could not speak (Continued On Page 3)

PRESIDENT, PREMIER END LONG TALKS

Twelve minutes after 2 o'clock Sunday afternoon, President Eisenhower and Premier Khrushchev of Russia drove away from Aspen Lodge, at Camp David in the Catoclin Mountains near Thurmont, Md., their weekend talks terminated on what both sides agreed were amicable and friendly tones.

It was a busy weekend. The informal talks continued for hours. There were private talks between Eisenhower and his guest and their were "larger" talks which were attended by four or more advisers on each side. The President and the Russian chairman took walks. Saturday they walked to the recreation hall because Khrushchev wanted to see a bowling alley and the automatic pin setting equipment. They watched Yeoman 2/C John Halferty, of Fennimore, Wis., bowl 218, then they congratulated him and signed his score sheet.

Most of the talks were around a green-covered table on the sun porch. At times Mr. Eisenhower's advisers conferred privately while the President and premier were talking together on the porch. The President left the premier on several occasions to join his advisers for a few minutes before resuming the private talks.

Announce Spring Plans
Vice President Nixon, Secretary of the Treasurer Robert Anderson, John McCone, chairman of the Atomic Energy Commission, and Dr. George Kistrakowsky, the President's adviser on science and technology, arrived at Camp David Saturday morning. They were delayed somewhat because of fog which blanketed the mountain. Others who joined the party later were Thomas S. Gates, deputy secretary of defense; Philip Farley, special assistant to the secretary of state for disarmament.

WOMAN SCRIBE IS VETERAN OF MOSCOW OFFICE

Among the many correspondents in Gettysburg over the weekend was one who was unique from the standpoint of experience, sex and age. She was Miss Colette Blackmore, 27, a United Press International correspondent who has been stationed in Moscow for the last four years.

Miss Blackmore is a graduate of Columbia University where she majored in history and Russian. Her knowledge and fluency in Russian took her to Moscow in 1955 when she managed and taught in a school for Western diplomats' children sponsored by the American and British embassies. The following year she joined the UPI as part of a team of three correspondents in Moscow and for awhile was the only woman correspondent in that city.

Traveling Is Limited
What was life like for a young woman correspondent? From the point of view of the Russians she was unique because of sex, youth and fluency in the language. The Russians generally send only older persons as correspondents and they are nearly always men.

Her traveling through Russia was limited to "open areas," she said, and then only by permission and after notifying authorities in advance about her destination and means of transportation. She said that the country is divided into open and closed areas and foreigners are allowed to travel only in the open areas. The only time she was permitted inside the Kremlin for official events was when the Supreme Soviet met or when the government gave a large reception on holidays. And then it was (Continued On Page 3)

Find Knife Hidden On Puerto Rican

Jesus Topia Cirine, 27, Aspers R. D., a Puerto Rican migrant laborer, was placed in the Adams County jail Saturday night by borough police on a charge of disorderly conduct brought before Justice of the Peace Robert P. Snyder.

A. Lincoln Said:
I have no other (ambition) so great as that of being truly esteemed of my fellow men, by rendering myself worthy of their esteem.

\$750 ACCIDENT ON SATURDAY

Damage totaled \$750 when two cars collided Saturday night at 11:30 o'clock at the intersection of Chambersburg and Washington Sts. and one of the vehicles then struck a gasoline pump at the C. W. Epley garage.

Borough police said August Arndt, 57, 452 S. Washington St., was driving south on Washington St. and Arthur Champion Stebbins, 78, of Takoma Park, Md., was going east on Chambersburg St. when the two vehicles collided. After the impact the Arndt car, out of control, crashed into the gasoline pump, breaking it off.

Damage was estimated at \$350 to the front of Stebbins car, \$20 to Arndt's vehicle and \$200 to the gasoline pump.

Police said both Arndt and Stebbins claimed to have had the green light on the traffic signal facing them at the time of the crash. They were supported by Arndt's wife and Stebbins' grandson who were the passengers in the two autos.

No one was injured in the accident and police decided to let the drivers settle it between themselves, since both had insurance.

COOK SCHOOL PATRONS TO GET RECIPE BOOK

The "Kitchen Classics" cooking school being presented here Tuesday, Wednesday and Thursday evenings under the sponsorship of The Gettysburg Times is definitely a place to learn, and the National Livestock and Meat Board's home economist-lecturer definitely teaches.

Still it's not a school in the formal sense and Miss Alice Watters, the lecturer, doesn't teach in the traditional classroom manner.

That's why the "students," the homemakers in the audience, really enjoy these cooking schools. Miss Watters presents much valuable and useful information, but it's like she was swapping recipes with you over the kitchen table. She doesn't talk down to the audience. She visits with the audience. Skilled and experienced in the field of home economics, she is also down-to-earth and friendly. She enjoys helping homemakers with their problems in meal planning, preparation and serving.

Trained Assistant

Miss Watters stresses that conducting this cooking school is not a one-woman job. She calls attention to the fact that her assistant, Miss June Uebele, deserves much credit for her part in seeing that each school session moves along smoothly and successfully. She also is a trained home economist and one of her duties is looking after the cooking of the various foods and having them available at the proper time during the session.

Another of Miss Uebele's accomplishments is the garnishing of the dishes which have been prepared — putting the final touches on these food masterpieces. And this art of garnishing comes into its own at the close of each cooking school session when the glamorous dishes are displayed to the audience by means of a revolving mirror. This phase of the school program is known as the Parade of Foods. Every woman who attends the "Kitchen Classics" cooking school receives a recipe book containing all of the recipes used during the three days of the event, in addition to other valuable information on cookery. Many door prizes will also be given away at each session.

Reds Are Reserved

Miss Blackmore found the Russian people reserved in their encounters with foreigners. She said they are more receptive today than during the times of Stalin when being seen talking to a foreigner could mean the loss of your job or imprisonment. Today under the new order, she said, one is permitted to talk with the people in parks, restaurants, trains and on the street, but such encounters are generally "one shot" meetings.

The major practical problem facing the Russian people today, she said, is housing. When she first went to Moscow it was difficult for a foreigner to get an apartment and most of them lived in hotels. Today it is easier, she said, and foreigners live in apartment buildings given over entirely to them. It is unlikely for a foreigner to have a Russian neighbor in the next apartment, she said, and to rent a room in a Russian home is unheard of.

Shopping Is Problem

Shopping for food is another problem in Russia, Miss Blackmore pointed out. One must go from store to store to get supplies such as milk, bread and meat, since each is sold in a separate store. The situation is better in the summer, she said, when there are open peasant markets. Luxury items such as clothes and cosmetics must be either brought with you or imported, she said. Censorship of the press exists today. In the beginning the censorship was very strict, she said, but it gradually lessened, but a correspondent still has to turn all his copy into a central agency to be censored before it is released. Those who do the censoring are anonymous, she pointed out, and they cross out whatever they disagree with.

Miss Blackmore is a native of Great Neck, Long Island, and recently returned from the foreign ministers conference in Geneva and a month's tour of Russia and Soviet Central Asia.

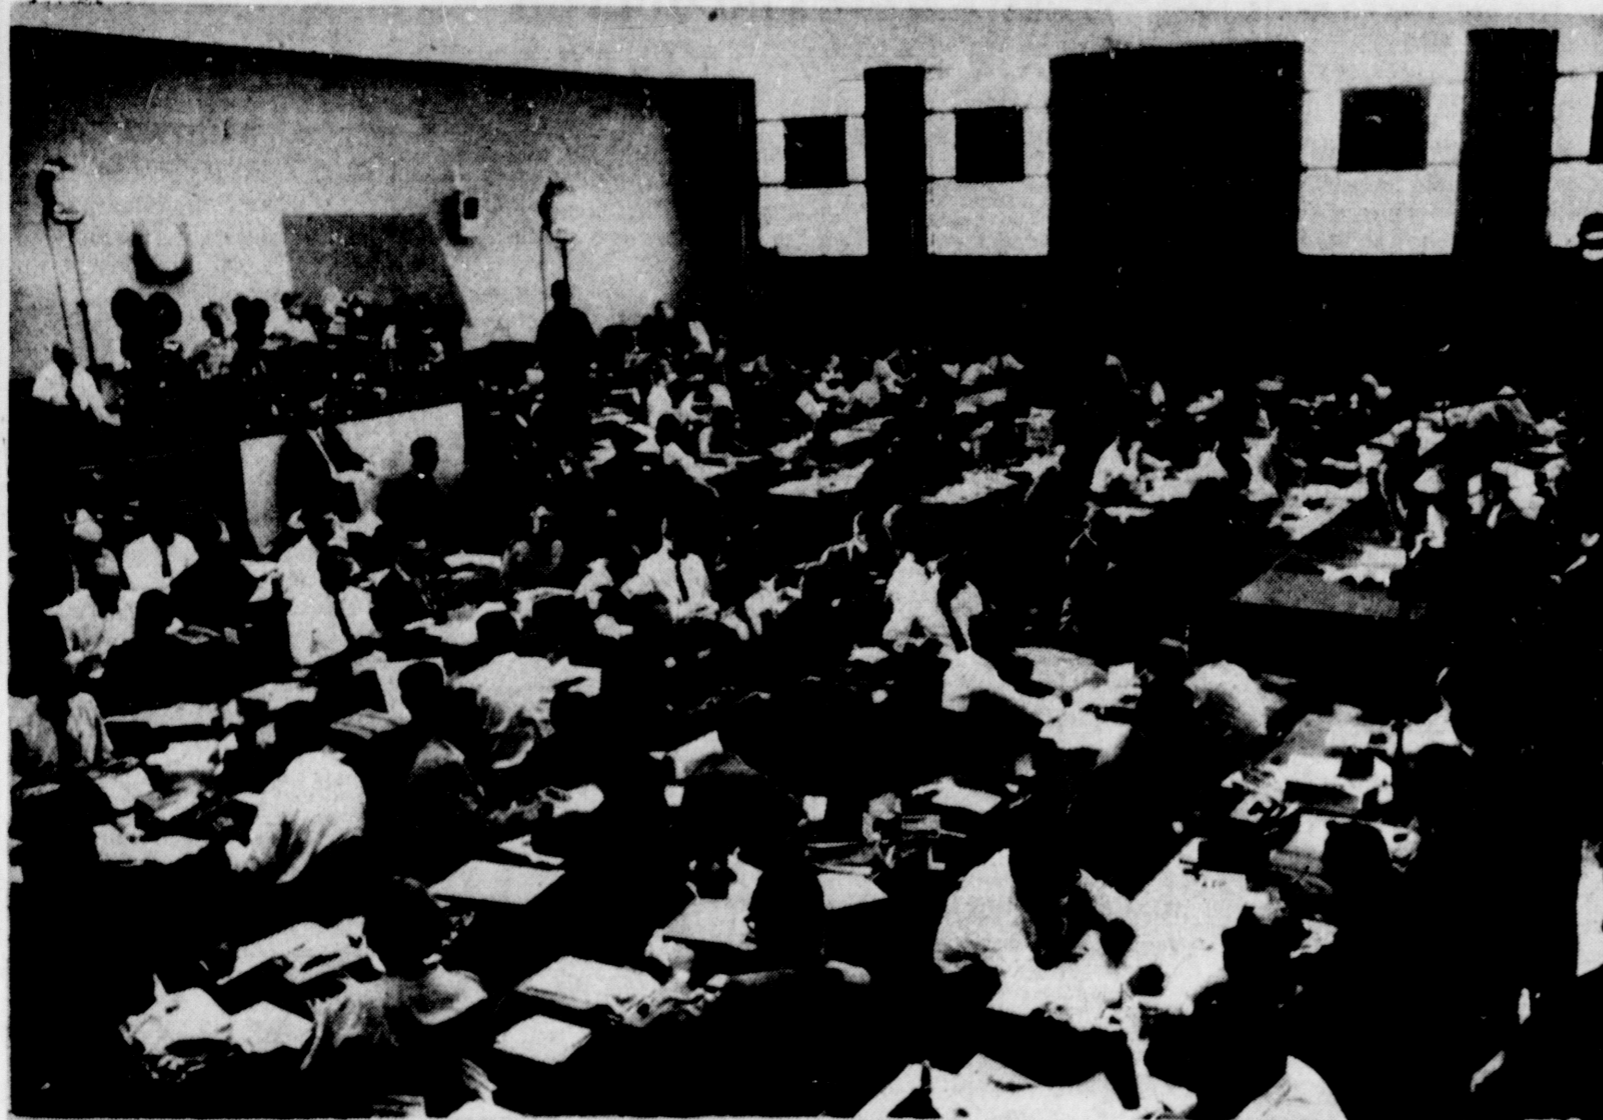

Morton Sees Use Of Taft-Hartley Act

LONG BEACH, Calif. (AP) — Sen. Thruston B. Morton, chairman of the Republican National Committee, predicts President Eisenhower will invoke provisions of the Taft-Hartley law in the steel strike.

"I think this will be a good thing," Morton said. "It might result in bumping a few heads together with a resulting show of progress."

The GOP leader addressed party leaders at a meeting. He is on a nationwide tour.

or understand English. The next day he was back in the same store, alone, and spoke fluent English.

Their shopping adventures amazed Gettysburgians. They purchased fish hooks, lip sticks, razor blades, work clothes, candy and pocket knives. "Made in West Germany."

Several of them downed several huge banana splits and double cokes. When a clerk asked one if the ice cream was too sweet, he answered "me no speak English."

Immediately upon the conclusion of the press conference Sunday afternoon, a crew from the White House press room got busy folding 200 tables and chairs that were brought here from Washington. By noon today all were crated and loaded in a big truck and on their way back to Washington.

Veteran newsmen were loud in the praise over the manner in which every detail of the operation was handled. Dewey long, a veteran of 30 years of directing all operations of this type, was particularly lauded. Dewey and his staff arrived last Tuesday and immediately set about arranging the press room, establishing parking facilities, setting up housing and making up schedules of the four buses and 10 station wagons that provided shuttle service every hour from motels to the press room.

Newsman said it was one of the largest press groups ever assembled. The chief characteristic was the presence of every important news service in the world and most of the important newspapers.

The White House staff was appreciative of the co-operation of the Gettysburg police in arranging for parking areas for the shuttle buses and station wagons. Their convenient location on Lincoln Square facilitated the moving of the press group many of whom did not have their own transportation.

The Hotel Gettysburg expanded its services to accommodate the influx of visitors. The regular hotel schedule of operations was changed to fit in with the press conferences which were held in mid-afternoon and in the evening. The dining room service was extended to midnight to serve those who worked late in filing their stories. Other services at the hotel were also expanded.

The phone calls, incoming and outgoing, were more than doubled. Scores of calls were made to London, Paris, Bonn, Stockholm, and many other world capitals. Several calls were made to and from Tokyo. These required additional service at the hotel.

The corps of correspondents who covered the informal talks filed 282,000 words over the Western Union lines from Friday afternoon until Sunday evening.

Internationally there were 68,000 words filed to newspapers and magazines in foreign countries. Domestically there were 214,000 words filed.

Thirty-two telegraph operators worked in relays around the clock during the weekend. Instead of one channel, as is used normally, there were 20 channels in operation.

NCCW STAFF OF OFFICERS IS INSTALLED

Miss Helen Bunty, York, president of the Harrisburg Diocesan Council of Catholic Women, attended the meeting of the board of directors of the Conewago Deanery Council held recently at St. Francis Xavier Parish Hall, Gettysburg, when she installed the new officers for the 1959-1960 council year, as follows: President, Mrs. Edwin J. Killalea, Gettysburg; first vice president, Mrs. Otto Matzelle, Chambersburg; second vice president, Margaret Belz, McSherrystown; secretary, Mrs. Paul E. Altoff, Littlestown, and treasurer, Mrs. Robert J. Kenworthy, Gettysburg. Mrs. Marie Noel, diocesan secretary, was also present and was introduced as were the old and new members of the deanery board.

It was voted to send a subscription to Maryknoll Fathers as a part of the International Relations program in the deanery. There was a report on the deanery family picnic held in July at Buchanan Valley.

Mrs. Killalea requested all parish presidents to check with their parish committee chairmen to ascertain if they had received their year's material from deanery chairmen. It was suggested that there be two members on

committee work.

October Pilgrimage

Plans were made for the first open deanery meeting, which will be held at 2 p.m. Sunday, October 11, in St. Francis Xavier Parish Hall, Gettysburg, with "Special Diocesan Activities" as the theme. The pastor, the Rev. Anthony Kane will speak at that time on "Migratory Labor." The next meeting of the board was set for Tuesday, December 1, also at Gettysburg, when all parish presidents are requested to be prepared to give oral reports of activities. Deanery chairman will give oral reports at the February board meeting. The annual deanery dinner meeting was scheduled for January 26, with St. Joseph's parish, Hanover, as the hostess group.

Congratulations were extended to Miss Bunty for her annual report sent to each parish council and Miss Bunty commended the Conewago Deanery for the excellence of its exhibits at the annual diocesan convention in May. Because the convention exhibits were outstanding, it was decided to have them on display at the open meeting in October.

There will also be a pilgrimage to the tomb of Mother Seton at St. Joseph's College, Emmitsburg on Sunday, October 25, with Mrs. Dale Baker and Mary Ellen Martz as co-chairmen on arrangements.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

ONE HUNDRED YEARS AGO
Our young friend, William W. Wright, of this county, has just returned from London, where he has for some time engaged in business connected with a Railroad in Honduras, Central America, of which he has been appointed Chief Engineer at a salary of \$12,000 per annum, end of which he made a survey a year ago. The road will require five years to complete it, and its estimated cost is \$15,000,000. He is a son of our friend Wm. Wright, of the Petersburg district, and a fine, clever fellow.—He was with us at our Commencement and Promenade, and enjoyed the pleasant socialities of the occasion. We wish him every success in his onward course.

Serious Accident: On Saturday last a man named Ford, in the employ of Mr. Robert Bell, of Straban township, was driving his team when the horses became frightened and started to run. In his effort to check them, he was pressed against a post by the saddle horse who also fell upon him and caused a dreadful compound fracture of his leg below the ankle. The horse being entangled in the gears could not rise from the prostrate sufferer until Mrs. Bell, who was the only person at home at the time, could by aid of a rail, extricate him. Mr. Bell was immediately sent for, and surgical aid procured as soon as possible.—We understand the injury is a very serious one.

The "People's Band" will be out in their new Chariot at the meetings to commence today. It is a splendid affair—over 16 feet in length—and will seat 20 musicians. It is quite an expensive affair, but as the work was done principally by members, it does not require so much outlay of money. The painting was done by Mr. Seiling, of Reading. Its name is the "Sea Shell," of which the paintings are emblematic.

Death of Rev. F. Ruthrauff: It is with regret we announce the death of this respected divine. He died at his charge in Armstrong county, Pa., on Sabbath morning, Sept. 18th, of acute disease of the membrane of the lungs. Mr. Ruthrauff was formerly pastor of the Lutheran congregation in Gettysburg. His appearance was a striking one—tall and portly, and dignified in his manners; and as a pastor and a preacher, he was highly esteemed.

SEVENTY-FIVE YEARS AGO
The Fair: The twentieth exhibition of the Adams County Agricultural and Horticultural Society commenced on Tuesday last and closed on Friday evening. The weather was propitious, in fact, barring the dust stirred up by the "fliers," was delightful. Rain threatened every day, but the drought continued notwithstanding the earnest wishes of the farming community that the windows of heaven would open and give us some refreshing showers even at the expense of this being the first fair held for three years, and the management having gone to a very considerable expense to make it a success, it was hoped that the patronage would be correspondingly liberal. We regret to report that such was not the case. Whilst the attendance was fair, it was not by any means what it should have been, and not nearly so large as during the first years that the Society gave its annual exhibits. In speaking of this cause to some of our country friends, one reason for the falling off was assigned to the numerous excursions during the past season to and from the county. A few years ago nearly all the agriculture community looked forward to the annual Fair as the event of the season and reserved their energies and shortened their holidays to be in attendance. Now other attractions have taken the place of assemblies at home. It should be otherwise; encourage home "shows" first and take in those abroad as a

Today's Talk

ON BEING YOURSELF
I have not as yet met anyone who could boast over the fact that someone else deserved the credit for making that person. We make ourselves, and we should be proud to own up to it. There is no person so interesting as the one who creates his own personality. When we try to live another person's life, or try to change it so as to make ourselves identical, such a relationship is sure, sooner or later, to destroy the personality of both; and it is apt to kill off the friendliness between two persons.

Be yourself and others will respect and want to know more about you. This is how good friends get together and become enriched through genuine companionship. It's the good we learn from others that helps so sincerely to make friendship a wonderful experience. People become notable because they spend their time in developing their own lives. It is a wonderful thing to live in a free land, to grow, more and more, as an individual and with the power of choice to think as one may please. Be yourself. Do not allow anyone else to try and make you over to his idea, or measurement, as though you were a dummy being fitted to a suit of clothes. Be yourself. Have dignity. Keep your eyes off the ground. Study the stars. Note the silence of the clouds. Meditate on the thoughts the Creator must have had as He planned this world. Get in tune with that Mind, and "praise God, from Whom all blessings flow."

Tomorrow Mr. Adams will talk on the subject: "It's a Good World"

Just Folks

A HEART TO HEART TALK

They tell me that I'm spoiling you;
The neighbors say that you should be
For all the awful things you do,
Laid face down over daddy's knee

And spanked and put to bed.
That's what the neighbors say,
But what say you?
You think you should be loved a lot?
Well, somehow, daddy thinks so, too.

They tell me that it isn't right
For me always to take your part.
I've heard it said you often fight,
And that you'll break your mother's heart.

The neighbors say that you are bad
And should be whipped, but what say you?
You think you are too small a lad
To whip? Well, daddy thinks so, too.

What would you do if I were you,
And you were daddy, and they came
And told, as people always do,
My little deeds, and cried:
"For shame."

Would you put me across your knee
And spank me as you ought to do?
What's that? You think you'd try to be
Forgiving? Well, I think so, too.

secondary matter.

We have attended all the exhibitions in this county from the time of the removal from Bendersville to this place and consider this one of the best exhibitions the Society has ever given out people. We are informed that all the entries were filled and that there was no failure on the part of exhibitors to bring their best stock and their best productions. There were finely bred horses and cattle, hogs and sheep, big pumpkins, potatoes, corn and vegetables; all kinds of the most improved modern agricultural machinery, carriages, buggies and harness; pianos, organs and sewing machines without number; chickens in abundance from Bantams to Shanghais. The display of all kinds of poultry was very fine. The Hall devoted especially to the handiwork of the ladies contained one of the most varied and beautiful displays to which our ladies have yet treated us.

The horseman was on hand; he always is at a fair. The fact is it would not be a fair to a great many if there was no horse race; we should say trial of speed, as it is only a generous rivalry for the development of speed and the elevation of all the race of horses.

DODGERS ARE UNHAPPY OVER PLAYOFF TILTS

CHICAGO (AP)—The Los Angeles Dodgers left for Milwaukee to open their best-of-three playoff for the National League pennant today but they didn't like the idea. The Dodgers went through one of the greatest sweating periods in baseball history Sunday after defeating the Chicago Cubs, 7-1, to clinch a tie for the championship.

They huddled around radios listening to the Philadelphia-Milwaukee game. They cursed, they prayed, they hoped and they sweated. But it was to no avail. Milwaukee defeated Philadelphia 5-2 and the Dodgers were involved in another playoff.

Two Other Playoffs
As representatives of Brooklyn, the Dodgers were in playoffs in 1946 and 1951. Both times they lost out.

However, manager Walt Alton was confident his club could come through and whip the Braves. Most of the players remained in the dressing room to follow the radio account of the Milwaukee game. It was not until the Braves scored three times in the seventh inning that the Dodgers began to shower and leave.

The team appeared confident and relaxed. "We had to win this one," said Roger Craig who hurled magnificently in the tie clincher. "So we went out and did it. We'll win in the playoff, too."

'PASSIONELLA' ON STAGE

NEW YORK (AP) — Jules Feiffer's cartoon creation "Passionella" is going to come alive on stage. The whimsical character, a sort of sophisticated Cinderella, first appeared in a magazine three years ago and has since developed a wide following in book form. One of her ardent fans is Lester Osterman, owner of a Broadway theater, who has commissioned Feiffer to develop a script for musical comedy.

PRO GOLFER TAKES OPEN

SAN FRANCISCO (AP)—It was a handsome young Mason Rudolph's wedding anniversary and the Tennessee pro golfer told his bride of a year: "Carol, it sure would be nice to take away a four digit check from here." The 25-year-old sharpshooter from Clarksville, Tenn., playing his first year on the professional circuit, proceeded to do just that Sunday, winning the Golden Gate Open Tournament with a low score of 275 and taking home a check for \$6,400. Hisky Bob Goalby, a powerful hitter from Crystal River, Fla., and the veteran Dow Finsterwald, of Tequesta, Fla., both had chances to jump into contention just before Rudolph, playing in the last threesome, came in. But, although both shot subpar golf in their final rounds, they finished tied at 277. Each won \$3,050. Other close up finishers included Jerry Barber of Los Angeles, and Don Whitt, Borrego Springs, Calif., both with 278 for \$2,050 apiece. Jacobs and Bill Casper of Apple Valley had 279s. Tommy Bolt and Jim Ferree had 280s.

DRAMA TO BE MUSICAL
NEW YORK (AP) — Billy Barnes, writer-composer of an off-Broadway hit revue bearing his name, is turning his talents next to a musical adaptation of the Emlyn Williams play, "The Corn Is Green." The story of a Welsh mining town is quite a switch from contemporary satire, but Barnes feels that the drama's lyric dialogue and emotional content make it ideal for melodic conversion.

UNIVERSITY PARK — Nineteen graduates claimed the first degrees granted by the Pennsylvania State University in 1861. At commencement exercises in June, more than 2,500 degrees were conferred.

SWORD DANCER WINS \$109,800 RACESATURDAY

NEW YORK (AP) — Sword Dancer, a 3-year-old, is perched on the top of the thoroughbred racing throne today after beating Hillsdale and Round Table in the \$109,800 Woodward Stakes at Aqueduct. Old timers have recalled the great match race of 1920 at old Aqueduct when Man O'War out fought John P. Grier in the Dwyer Stakes. Now those in the crowd of 53,290 who watched Sword Dancer surge up in the final strides to nip Hillsdale by a head Saturday can tell their grandchildren about this one.

Arcaro "The Master"
The spectators, plus a national TV audience, learned again why Jockey Eddie Arcaro has been dubbed "the master" as he followed the instructions of trainer Elliott Burch to the letter and won the race of the year in one of the greatest finishes seen on an American track.

Sword Dancer, only 3-year-old in the field of four, won the 1 1/4 mile battle by a head. Hillsdale was second by 1 1/4 lengths over Round Table. Inside Tract was fourth.

Young Burch said today plans for Sword Dancer call for "only one or two more races this season." "We'll have to think it over, and probably won't come to any decision until later in the week," Burch said. "It's been a long campaign, and he's done his duty."

Next Saturday's Game
Gettysburg at Muhlenberg.

Led by the brilliant generalship of junior quarterback Paul Terhes, the Bucknell Bisons blanked the Gettysburg Bullets 21-0 Saturday evening in the 12th annual Rotary Bowl in Hershey stadium before a crowd of 8,500 fans.

From the opening play to the final whistle Terhes piloted the double wing-Terhes without any offensive trouble. The Milton Park, Pa. gridders, along with sophomore Ken Twiford, gained a net total of 266 yards on the ground and in the air.

On the opening play from scrimmage, Terhes, on an option, started through right tackle, faked a pitch out, reversed his head and galloped 71 yards for a touchdown. Senior tackle Bob Patzwall booted the extra point and 1:25 after the kickoff Bucknell led 7-0.

Gettysburg's offensive maneuvering was slow in the first period. A few inexperienced positions in the interior of the line were just barely holding up against a heavier and more aggressive Bison forward wall.

Make Mild Threat
Coach Gene Haas' charges started rolling momentarily midway through the second frame. With sophomore quarterback Earl Little commanding the forces, the Bullets advanced to the Bucknell 25 but were stopped. During the drive Little tossed to right end Harry Richter for 18 yards and to left half back Ernie Velten for 13. Velten, a doubtful starter, began the move with a desperate punt return attempt, but gained only five yards.

Coach Bob Odell's Herd tallied their second six-point with 6:50 minutes gone by in the third frame. Mickey Melberger, junior halfback, capped a 52-yard drive with a plunge from the one yard line. Terhes added two extra points by skirting right end after a fake placement attempt. It took the Bisons 13 plays to score from their own 48 yard line.

The Bisons started rolling again toward their final TD late in the same quarter. Ken Carpenter, a brilliant Bullet punter, booted the ball 33 yards to the Bucknell nine. Carpenter would up the evening by averaging 40.5 yards per boot. Ken Twiford, sophomore ace from Philadelphia, highlighted a 61-yard drive with a 60-yard jaunt up the center of the field. As the visitors came to within striking distance of the Bullet goal, the clock ran out ending the third stanza.

Add Third TD
With only one minute elapsed in the fourth quarter, Bucknell had their final touchdown. Second string quarterback Fred Elliott darted off left tackle from the one yard line to add the six points. Jim Brady, a senior end, missed the attempted placement. It took Bucknell only nine plays, including a 15-yard penalty against them, to cover the final scoring drive.

The Bullet ends had trouble hanging on to the fine passes of Ed Books and Little. Tom O'Malley and Jim Hess were the only real veterans in the line who knew how to handle a forward wall such as Bucknell's Ernie Velten. Velten was unable to run up to par because of a leg injury sustained during pre-season drills. When the game ended, the Bisons were 10-0 and the Bullets were 0-1.

DECLARES CLUB "OFF LIMITS"

PHILADELPHIA (AP) — Baseball Commissioner Ford Frick says he will declare the Moon-Glo Club, a center city night spot, off limits to all major league players.

Frick also said Saturday that he would not suspend three unidentified players who were named in a statement by Irene Brighton, 18, an admitted prostitute.

"I certainly don't condone this sort of thing, but I can't suspend them for an indiscretion in their private lives," Frick said.

The baseball commissioner received the names from Philadelphia Dist. Atty. Victor Blanc.

Blanc quoted the girl as saying she was introduced to the men for the purpose of prostitution by Harold Friedman, 42, the owner of the Moon-Glo. Friedman is presently free on \$5,000 bail on a charge that he attempted to bribe Phillies' pitcher Humberto Robinson.

BIG FINISH FOR JUNIOR LOOP AS STARS PERFORM

Associated Press Sports Writer
It's impossible to crowd a whole season into a single day, but the American League came close to doing just that, painting the picture in miniature in the final games of the year.

There was right-hander Bob Shaw, the big surprise who helped boost Chicago to its first pennant in 40 years, winning his 18th as the White Sox beat Detroit 6-4 Sunday.

There was Harmon Killebrew, the quiet kid who exploded the season's first home run opening day and made a run for Babe Ruth's record, hammering the final homer of the campaign as Washington lost to Boston 6-2.

It was Killebrew's 42nd, tying Cleveland's Rocky Colavito for the title in the AL and matching the Senator high set by Roy Sievers in '57.

Score Loses Again
There was Herb Score, the southpaw who slumped and took Cleveland's second-place Indians with him, losing his sixth in a row since July 3 — when the Indians were first — as Kansas City beat the Tribe 6-5.

And there was New York's 3-1 loss to Baltimore, putting an end to the year the Yankees didn't win the pennant, a year in which they lost more and won fewer than any other Yankee club in 34 seasons.

While the White Sox, who'll have to wait a bit longer for the World Series opener while Los Angeles and Milwaukee meet for the National League pennant, put it away early for Shaw (18-6), the Tigers' Harvey Kuenn was 1-for-4 and won his first batting title with a .353 average.

42nd For Killebrew
Luis Aparicio added a couple of stolen bases for a total of 56, highest in the majors since Washington's George Case had 61 in 1943 and tying the White Sox record set by Wally Moses hit home year.

With Killebrew's 42nd homer and Sievers hitting his 21st, the Senators pushed their club record to 163 — the old Nat high was 121 last year — but finished last for the third straight season. The Red Sox, with Ted Williams knocking in two runs with a single and a double in what may have been his final game, finished fifth, a game ahead of Baltimore.

The Orioles, blanked on five hits by rookie John Gabriel for 7 2-3 innings, put together five successive singles for all their runs in the eighth, leaving New York with a 7-5 record. The Yankees, who had won four straight flags, hadn't done so poorly since the 69-85 seventh-place finish of 1955.

On the heels of the defeat, the club announced that Casey Stengel, who has won nine pennants in 11 tries with the Yankees, will complete his two-year contract, which ends after next season. But pitching coach Jim Turner, who pitched a couple of years ago as Stengel's successor, was turned loose "with regret."

Milwaukee defeated Philadelphia 5-2 after Los Angeles whipped Chicago 7-1 to set up their tie and playoff in the National League. St. Louis drubbed San Francisco 2-1 and 14-8, and Cincinnati defeated Pittsburgh 9-7.

Change For Northwestern
As for Northwestern, the Wildcats have spent the last decade floundering around in or near the Big Ten basement. Their last appearance in the Rose Bowl was back in 1949. Two years ago, they didn't win a conference game. Last year, they finished with a 5-4 overall record.

Wisconsin and Ohio State, the two big boys of the Big Ten this year, didn't distinguish themselves. The Badgers beat Stanford, 16-14, and the Buckeyes turned back Duke by a point after touchdown, 14-13. Northwestern meets Iowa in its first Big Ten game this week.

Shug Jordan's Auburn club now shows a 0-1 record as a result of its 3-0 loss to Tennessee. The defeat snapped college football's longest non-losing streak, 24 games and will certainly make Louisiana State's march toward the Southeastern Conference title easier.

LSN Keeps Going
LSU, No. 1 team ahead of Oklahoma and Auburn, in last week's Associated Press poll, stopped Texas Christian, a rough outfit, 10-0. The Bengals now have won a dozen straight regular-season games, high in the country.

Auburn should have no trouble with Hardin-Simmons this week while LSU will be heavily favored over Baylor.

Another bigwig whose defeat will cause some quick recalculations is Southern Methodist. The Mustangs, favorites in the Southwest Conference, fell before Georgia Tech, 16-12.

Mississippi, No. 4, held up its prestige with a 16-0 lacing of Kentucky. The Ole Miss-LSU game on Oct. 31 could decide the SEC title.

Clemson, No. 5, swamped Virginia, 47-0, while Army, which again looks like the class of the East, crushed Boston College, 44-8.

FOOTBALLERS LOOKING TO BEST SEASON

By MIKE RATHET
Associated Press Sports Writer

The name Vince Lombardi has been pencilled into Green Bay Packer annals. Johnny Unitas gets another line in Baltimore record books. Bert Bell smiles.

Bell, the National Football League's major domo, again has predicted that this season — the pro circuit's 40th — will be the greatest in history. He does it every year.

But, he couldn't have known: 1. That the Packers, almost unanimously picked to finish last in the Western Division, would make Lombardi's debut as head coach a monumental success with a 9-6 upset of the highly ranked Chicago Bears.

2. That Unitas, Baltimore's passing wizard, would fire the befuddled Colts to a 21-9 victory over the stubborn Detroit Lions and extend one of the NFL's greatest records at the same time.

While the Packers and Colts were winning their season-openers over the weekend, the Chicago Cardinals continued to support the thesis they are the team to beat in the Eastern Division by thumping Washington 49-21.

In other curtain-raiser, New York's Giants pulled a mild upset by edging Los Angeles 23-21, the Pittsburgh Steelers downed Cleveland 17-7 and San Francisco's 49ers defeated Philadelphia 24-14.

Hersh Wins Last Class A Feature
Bobby Hersh of Glen Rock captured the final Class A Sportsman feature race Saturday night at the Lincoln Speedway near Abbotstown.

Bob Abel, Wrightsville; Dizzy Dean, Abington, and Kemp Beaumont, Freemont, Md., scored back of Hersh in the feature. Gary Wolford, Stewartstown, and Abel had been heat winners.

John Laughman, Hanover, and Jim Smith, McSherrystown, won the novice feature races. Mannie Laughman, Hanover, and Kent Saylor, Westminster, trailed Laughman in the first race, while Sam Krout, Wellsville, and Paul Keller, Stewartstown, were second and third, respectively, back of Smith.

Roger Sowers, Mt. Holly Springs, won the track's Class A point championship despite being involved in a crash Saturday night and not scoring. No one was hurt in the accident. Beaumont was second in the points ranking.

22nd Lewistown Win
In a more local vein: Minersville won the game of the week, as expected, over Shenandoah, defending East Penn Southern division title. The score was 15-0.

Old Forge, defending northern Division and over-all champion, squeezed by tough Blakely, 7-0. Johnstown, defending WPIAL Class AA king, squeezed by Penn Kensington, 13-6.

Ridley Twp. scored its 20th straight, 24-19 over Norristown in a game that may have matched the southeast's two best teams.

Lewistown beat Tyrone, 40-0, for its 22nd in a row. Richland Twp. won No. 26, 26-14, over Portage, and Bradwood made it 47 without defeat (one tie), 27-13 over Hopewell.

Capt. Jack, a Western Conference sleeper, defeated Bellefonte, 12-0, and Bald Eagle Area trounced State College, 27-0.

ST. MARY'S HS STREAK ENDS AT 33 GAMES

By FRED WALTERS
HARRISBURG (AP) — September's final weekend of scholastic football was one in which form, sheets, tradition and the longest current winning streak went by the boards.

Sheffield snapped St. Mary's 33 game winning streak with a 19-13 victory.

The Hershey-Waynesboro game Friday night set the pattern for this crazy weekend. Hershey was leading 7-6 at halftime when the power failed at Waynesboro's field. They'll play the second half tonight.

Then there was the Jeannette-Hempfield game. Last year these two teams wound up in a 0-0 tie. This year: Hempfield 40, Jeannette 32.

Other Results
And Har-Brack, still trying to catch up to its notices as a WPIAL AA contender, staggered to a 43-40 victory over Pittsburgh Westinghouse, Sharon, another AA contender, won a wild 45-28 game over non-conference rival Hickory Twp.

Phoenixville walloped Ches-Mont League contender Pottstown, 31-0.

Lebanon outraced Harrisburg Harris, 27-22. Harris is a defending co-champion of the Central Penn League and picked to repeat this year. Harrisburg Penn, the other defending co-champion and co-favorite, was trounced by independent Central Dauphin, 32-14.

Dark Horse Emerges
Titusville emerged as a real dark horse threat in the Section II conference by edging Warren, 7-6.

Mount Carmel, favorite to win in the East Penn Southern Division, was held to a 7-7 tie by Mahanoy City.

Wilkes-Barre G.A.R. beat Plymouth, 27-0. Plymouth last week beat Swyersville, which beat G.A.R. two weeks ago.

Northampton, normally opening game fodder for powerful Phillipsburg, N. J., turned the tables this year with a 21-0 victory.

22nd Lewistown Win
In a more local vein: Minersville won the game of the week, as expected, over Shenandoah, defending East Penn Southern division title. The score was 15-0.

Old Forge, defending northern Division and over-all champion, squeezed by tough Blakely, 7-0. Johnstown, defending WPIAL Class AA king, squeezed by Penn Kensington, 13-6.

PREMIER SAYS COMMUNISM IS "FAIREST"

EDITOR'S NOTE — Saul Pett traveled with Premier Nikita Khrushchev throughout his tour of the United States.

By SAUL PETT
NEW YORK (AP) — What impact did America have on Nikita Khrushchev?

While in the Soviet Union, Vice President Richard M. Nixon said the Soviet leader suffered from misconceptions about the United States, which could be corrected by visiting us. Well, Khrushchev has been here and gone.

Did we change his mind at all? Indications are that we did, unless, of course, he never believed his own propaganda to begin with. Reporters on the Khrushchev tour repeatedly asked him whether his visit was altering his own image of America. Repeatedly, Khrushchev ducked a direct answer.

Indirect Answer
But there were several indirect answers from the round, volatile Communist chief.

In San Francisco, Khrushchev said — maybe he was merely being polite, but he said it — that he saw no difference between the American government and the American people in their desire for peace. For the last 14 years of the cold war, Communist propagandists have been saying that Americans as a people want peace but the government is warlike.

No Disaster
For years Pravda has been screaming that American business leaders and the "ruling classes" had to keep the cold war going because to end it would bring a

depression. But after meeting with top businessmen in New York, Khrushchev conceded that the United States could move from a war economy to a true peace economy without economic disaster. Traditionally, the Moscow propaganda mill has insisted the American worker is oppressed, exploited, underpaid, ill-fed, ill-housed and eternally afraid of sudden unemployment. But the Khrushchev we saw on this side of the Atlantic said the American worker's situation is "not a bad one at all." He remarked several times about American prosperity and our high standard of living.

Farewell
But any appraisal of America's impact on Khrushchev must bear this in mind: he evidently never intended for it to have any impact. He obviously came to talk, not see, to persuade, not learn. But if, as a result, anyone thought Khrushchev was about to turn in his Communist card, the master of the Kremlin disposed of that remote possibility in his farewell appearances in Washington.

"Your country," he said, "has not changed my opinion that our political-social system is the fairest and most productive." Reporters who followed him from coast to coast concluded that you can tell Nikita Khrushchev anywhere but you can't tell him much.

CRASHES KILL 14 IN STATE, 3 OTHERS DIE

By THE ASSOCIATED PRESS

Pennsylvania hit its sixth highest accidental death toll of the year over the past weekend when at least 17 persons lost their lives.

Fourteen were killed in traffic accidents as thousands took to the highways with pleasant weather prevailing over most of the state.

Three accidents claimed two lives each and three deaths were recorded in separate motorcycle crashes.

William C. Pfender, 51, of Melrose Park, was killed Sunday when his motorcycle struck a car on the Schuylkill Expressway at Valley Forge.

Cycle Rams Car
Howard W. White, a Norfolk, Va., Navy technician, died Sunday after his motorcycle struck a halted car in Philadelphia.

Wilbur Brown, 35, of Ephrata, was fatally injured Saturday when his motorcycle and a car collided near Lancaster.

James J. Herron, 32, of West Chester, and Robert A. Thomas, 19, of the Radnor Hunt Club near Malvern, were killed Friday night in a three car crash on Route 322, two miles west of West Chester.

A sportscar crash Saturday near Stroudsburg took the lives of Carl M. Smith, 19, of East Stroudsburg, and Phelps Prescott, 18, of Shawnee-on-Deleware.

Mrs. Marie Sobchack, 42, of Allentown was killed Saturday in a two-car collision in Allentown.

Car Hits Tree
Michael Thomas Marker, 17, died early Sunday of injuries suffered Saturday night when his car hit a tree near Waynesboro.

George Nitsche, 61, of Chicora, near Butler, died Sunday, 12 hours after his car overturned three miles north of Chicora.

James M. Toole, 16, a Ridley Township High School football player, was killed Sunday in Chester, when the car in which he was riding hit a tree.

Walter Thompson Jr., 22, of St. Mary's suffered fatal injuries on Saturday when his car overturned outside that Elk County City.

Alfred Landers, 52, of Darby, and Clyde Frazier Jr., 30, of Philadelphia were killed Sunday when their tractor-trailer hit an embankment on the Pennsylvania Turnpike near the Allegheny Tunnel.

Driver Pete Panala, 30, of Brad-

dock, was killed during a stock car race in Pittsburgh Sunday.

Harry Conway, 40, of Philadelphia, was crushed to death beneath his car Saturday when it accelerated while he was examining the engine.

Lawrence J. Woodside, 56, of Unityville Star Route, Lycoming County, was killed to death by his horse Sunday while entering its stall with feed.

SUGAR KINGS WIN OPENER

MINNEAPOLIS (AP) — Havana's Sugar Kings, serenaded by Cuban natives in the stands and playing to the rhythm of maracas, are off to a rollicking start in the Junior World Series.

Behind the six-hit pitching of big Ted Wileand, the Havanans beat Minneapolis 5-2 Sunday in the opener of the annual series between champions of the American A.S.S.N. and International League.

It was a raw, chilly, drizzly day, but a noisy band of transplanted Cubans kept things warm for the Sugar Kings by chorusing songs, playing the maracas and waving Cuban flags.

Four-Run Third
Havana responded with a four-run third inning and the strong pitching of Wileand, who had a shutout until Joe Macko's double, Red Robbins' triple and a fly ball gave Minneapolis two runs in the ninth.

The Cubans send a lefthander, Miguel Cuellar, against another Miller southpaw, Ted Wills, in tonight's second game of the best-of-seven series. The third game also is in Minneapolis, after which the scene shifts to Havana.

A crowd of 2,486 saw Sunday's game, which was held up a half hour at the start because of rain.

TEAMS READY FOR BEST OF 3 FLAG RACE

By JACK HAND

Associated Press Sports Writer

MILWAUKEE (AP) — The Milwaukee Braves and Los Angeles Dodgers clash today at County Stadium in the opener of their best-of-three playoff series for the National League pennant.

Closing day victories by both the Braves and Dodgers left them tied for first place after the regular 154-game schedule. They will shift to Los Angeles for a second game Tuesday and a third Wednesday, if necessary. The teams will take a day off for travel before starting the series.

Heavy thundershowers pelted the city during the night and more of the same was forecast for today.

Series Set Back
The third playoff in National

League history already has shoved back the World Series to Thursday or Friday. If the weather acts up, it could be further postponed.

Game time in Milwaukee is 2:30 p.m. (EST). All the games will be carried on network (ABC) television.

Although the Dodgers, the Brooklyn variety, lost the two previous national playoffs, manager Walter Alston's opportunists were slight 6 to 5 favorites to take this series. However, the Braves were the 6 to 5 choice in today's opener on their home grounds.

Probable Pitchers
Alston indicated after the Dodgers' 7-1 victory in Chicago that he planned to use a left hander at Milwaukee. He listed Sandy Koufax (8-6), Johnny Podres (14-9) and Danny McDevitt (10-8) as possibilities.

Manager Fred Haney also was indefinite about his starters. He listed either Lew Burdette (21-15) or Carlton Willey (5-8). Both are right handers. Haney also hinted strongly that he did not expect to use Warren Spahn (21-15), his left hander ace, in the Coliseum with his handy 250-foot left field screen.

Togetherness Well Demonstrated

DALLAS, Tex. (AP)—Mrs. J.L.

Owens and Mrs. Gene F. Washington, both 26 and the best of friends, are about as staunch exponents of togetherness as you'll find.

Both are (1) pretty brunettes, (2) were born Dec. 19, 1932, (3) have 27-year-old husbands and (4) live only two houses apart in the same block.

Now they're in the same hospital with new babies, born Saturday. There was one departure from pattern—Mrs. Owens has a daughter, named Stacy Lynn, and Mrs. Washington a son, named Steven Lee.

Pilot Is Burned In Plane Crash

HARRISBURG (AP)—Lawrence Thorne, 33, of Camp Hill R. 1, was injured Sunday when his light plane crashed and burned while landing at the Skyport Airfield along the Carlisle Pike west of Harrisburg.

State police said Thorne, a student pilot, apparently misjudged his altitude and struck power lines. The single-engine plane nosed to the runway and burned.

Thorne, the only occupant of the plane, was admitted to Harrisburg Hospital with second and third degree burns, concussion and a possible back injury.

NASHVILLE, Tenn. (AP) — Greyhound bus with 18 passengers aboard skidded into a power pole Sunday, killing a Texas woman and injuring 12 persons.

STORM HEADS FOR FLORIDA

MIAMI, Fla. (AP) — Hurricane Gracie whirled toward the U.S. mainland with a 90-mile punch today and the Miami Weather Bureau prepared to order hurricane warnings hoisted on the coast later today.

Following a west-northwest path, the storm was menacing the coastal areas of northeast Florida, Georgia and the Carolinas.

"It is likely that warnings will be issued for specific portions of this area later today," said a morning advisory.

The storm was centered 300 miles from the coast, slightly north of east of Cape Canaveral.

Since last Friday, Gracie has loitered in the Atlantic east of Cape Canaveral. Its movement has been erratic. At one time Saturday it moved a bit farther away from the coast.

Gracie's forward speed is about 5 miles an hour. The Weather Bureau said it was expected to continue that speed and continue in the west northwest direction with little change in size or intensity for the next 12 to 18 hours.

LAWRENCE TO TALK TO PRESS ABOUT BUDGET

HARRISBURG (AP)—Gov. Lawrence and Senate President Pro Tem M. Harvey Taylor, state leaders of their respective political parties, are headed for a test of strength on Capitol Hill over the 1959-61 budget.

Lawrence, still smarting from \$8 million dollars in budget cuts made by Senate Republicans, planned to meet this afternoon publishers of more than 100 Pennsylvania newspapers to outline "the state's fiscal problems."

The governor took off the kid gloves last week after 10 months of coexistence with the Senate Republican leadership and blasted them for the spending cuts which he said amounted to "budget fakery."

Protecting Taxpayers
Taylor, tartly replied in a week-end statement, "if protecting the interests of the taxpayers of Pennsylvania is fakery, then I'm guilty."

The 54-year-old political pro from Dauphin County rallied Senate Republicans with the cry "No more gravy for Davey."

"I don't think the budget has been cut enough and I'll fight any move to give the governor any more money," declared Taylor.

GOP Voting Edge
Senate Republicans plan to approve the budget slashes this week. They should have no trouble holding a 28-22 voting edge with only 26 votes needed for passage.

Democrats, headed by Lawrence, promised to fight the spending cuts, but their best chance will be in a House-Senate conference committee where the appropriations measures will surely wind up.

Sen. James S. Berger, Senate GOP floor leader, took a more moderate tone than Taylor, saying he doesn't believe there will be much difficulty in the conference committee.

"I think we can discuss it as reasonable men," he said.

KILLED BY HORSE
WILLIAMSPORT, Pa. (AP)—Lawrence J. Woodside, 58, of Unityville Star Route, was kicked to death by his horse Sunday.

State police said the animal kicked Woodside as he entered its stall with food. Woodside died of internal injuries. He had used the horse to drag lumber out of the woods.

Charge Husband In Wife's Death

NEWPORT, Pa. (AP)—Police have filed a formal murder charge against Philip Benson, 53, of Newport, in the fatal shooting of his wife.

Service of the warrant will be delayed because Benson is a patient at a Harrisburg hospital with gunshot wounds police say he inflicted upon himself after killing his wife last Thursday.

NINE ARRESTED UNDER OLD LAW

MIDDLETOWN, Pa. (AP)—The hearings will be held Wednesday night for nine persons arrested in the first raid at the Middletown Merchandise Mart since tougher Sunday sales restrictions became effective.

However, the nine will be charged with violating 1939 provisions of the Sunday Sales ban, which calls for fines of only \$4 plus the costs.

U. S. Middle District Court issued a restraining order last week preventing enforcement at the mart of recently enacted Sunday sales restrictions providing for a fine of up to \$100 for the first offense.

The order was issued at the request of the Mart pending the outcome of court tests of the 1959 restrictions.

The Mart had been closed the last two Sundays, but during the 15 previous Sundays state police and Dauphin County detectives made a total of 196 arrests.

FAYETTE TRIAL TO OPEN TODAY

UNIONTOWN, Pa. (AP)—Two political figures, indicted on charges growing out of work done at the Fayette County fairgrounds, were slated to go on trial today.

Daniel B. Swaney, a member of the State Liquor Control Board, and Guy Sutton, superintendent of the County Bridge Dept., are the first of six public figures to face court action as a result of the fairground work.

Others under indictment are W. A. Reed, county comptroller, and County Commissioners William J. Graham, G. Emerson Work and J. Lewis Williams. Their trials have not yet been scheduled.

Swaney and Sutton were indicted on charges of false pretense, including 10 counts of making payments of some \$39,000 to Swaney for grading Fayette County's fairgrounds.

The commissioners and Reed were indicted on nine counts of paying bills without proper authority. The commissioners also were indicted on charges of using \$32,407 from the State Liquor Fuels Tax fund for work on the fairgrounds.

Rameses the Great of Egypt boasted that he had furnished at least 19 million ceremonial bouquets and ornamental plants to temples.

NEFF DEFENSE WILL RESUME

BEAVER, Pa. (AP)—The defense today resumed efforts to have former state Sen. Samuel G. Neff and three other men acquitted on charges of taking kickbacks from contractors to aid political campaigns.

The trial was recessed Saturday after Neff, who also was a former Beaver County Democratic Committee chairman, spent a full

day on the stand. He is charged with extortion.

Neff told the jury his extortion trial resulted from a political feud with Dist. Atty. Richard P. Steward of Beaver County. Neff said Steward held a political grudge against him.

The political feud, Neff testified, dated back to the primary election of 1954 when Neff was elected county Democratic chairman. The former senator denied any part in a kickback scheme.

On trial with Neff are Robert Yoho, Leon Kaleta and James Macry, all former employees of the

FATALLY INJURED

WAYNESBORO, Pa. (AP)—Injuries suffered in an auto crash Sunday claimed the life of Michael T. Marker, 17, who died Waynesboro Hospital.

Marker's car struck a tree after failing to make a curve about six miles northeast of Waynesboro.

The state charges the four solicited and collected five per cent kickbacks from contractors who leased equipment to the State Highways Dept. in Beaver County.

BUSINESSES ROCKING WITH STEEL PUNCH

By WALTER BREEDE JR.
AP Business News Writer

NEW YORK (AP) — The steel strike tightened its grips on the economy last week, but Main Street and Wall Street didn't seem to care.

The stock market snapped out of earlier losses in two fast and furious trading sessions. For the time being anyway, the bulls were in command.

On busy Main Streets and in jam-packed suburban shopping centers, consumers kept on spending with abandon.

Business Is Up
Dun & Bradstreet's latest weekly retail survey showed business in the nation's shops and stores up a whopping 7 to 11 per cent over last year when steelworkers were on the job and making money. A prominent banker observed: "This might be called the year of the spender."

But while consumers splurged and bulls roared, the throttling effects of the steel strike were making themselves felt elsewhere. In Washington, the government's top fiscal experts cautioned that Uncle Sam's budget will be thrown out of whack if the strike drags on much longer.

Year May Balance
The government's fiscal year ends next June 30. Expenditures are now estimated at \$78,900,000,000—up \$1,900,000,000 from what the administration figured just a few months ago. There's still a chance of taking in \$78,900,000,000 or a bit more and balancing the budget, fiscal experts said. But, they warned, if the steel strike isn't settled soon, taxes collected from the profits of industry will drop sharply — and Uncle Sam may wind up in the red.

Big General Motors Corp. conceded last week it was feeling the steel pinch but hastened to add that its troubles had been exaggerated.

"We are not in good shape" a spokesman said, "But we aren't ready to close up shop."

Hardest hit of GM's farflung operations were the Columbus, Ohio, and Trenton, N.J., plants of its Turnstedt Division which makes auto body hardware. The Columbus plant is shut down. In the next two weeks, the Trenton plant will lay off 2,700.

Construction Down
Building industry analysts said the steel strike was partly to blame for a sharp drop in dollar volume of construction contracts last month.

John G. Winger, vice president and petroleum economist of the Chase Manhattan Bank, said the

The first telecast will be an exhibition between the Philadelphia Warriors and St. Louis Hawks at Kansas City Oct. 11. The opening scheduled game, between the Boston Celtics and the Cincinnati Royals at the Boston Garden Oct. 17, also will be televised, starting at 5 p.m. (EST).

News Briefs

LONGVIEW, Tex. (AP) — A Christian lay leader and industrialist, R. G. LeTourneau, says Soviet Premier Nikita Khrushchev should be given a chance to see this country's "religious or Christian life in action."

LeTourneau made his proposal in a telegram to President Eisenhower in which he called religion "the very basic principle that made America so great."

WORLD BRIEFS
MOSCOW (AP) — Pravda Saturday voiced its best wishes for Premier Nikita Khrushchev in his Camp David talks with President Eisenhower and exclaimed in a six-column headline, "Let's outlaw cold war everywhere and forever."

SYDNEY, Australia (AP) — Sir Leslie J. Morshead, hero of the Australian defense of Tobruk in World War II, died Saturday. He was 70.

ADVERTISE IN THE TIMES

steel strike's toehold on industry has curbed petroleum demand. The railroads started shipping more coal to the strike-bound steel plants — a development interpreted by some observers as signalling a possible end of the strike next month. But as the strike went into its 73rd day, contract negotiations broke down. "We are going home," said David J. McDonald, the steel union chief. "This farcical filibuster has ended."

ENCEPHALITIS DEATH TOLL NOW UP TO 11

ATLANTIC CITY, N. J. (AP)—A disease thought to be dreaded encephalitis has killed two more persons in South Jersey, bringing the death toll to 11.

In addition the malady has hospitalized its 18th victim, a Tuckerton woman.

The fatalities were Jerome Bragg Jr., 10, of Manahawkin and George Kauffman, 77, of New Gretna. Both died Sunday, the boy in Paul Kimbell Hospital, in Lakewood, Kauffman in Shore Memorial Hospital, Somers Point.

The woman hospitalized with a suspected case of encephalitis is also at Shore Memorial. The hospital did not reveal her identity.

Two other Shore Memorial patients are thought to have the disease — a 48-year-old Ocean City woman and a Tuckerton man of about 70.

Three Suspected Patients
There are three children in Atlantic City Hospital with suspected encephalitis. Their conditions are listed as critical.

State officials received aid Sunday from the U. S. Public Health Service, which dispatched an entomologist to examine mosquitoes.

Motorists have been warned to keep windows closed while driving through South Jersey's pine barrens and picnic areas have been closed. Near Mays Landing, the Mainland Girl Scout Council closed its camp Sunday as a precautionary measure.

The disease in question is frequently called sleeping sickness — but is not the same sleeping sickness carried by the tsetse fly in Africa.

Mosquitoes in New Jersey get disease from biting infected birds. They can give it to both humans and horses.

Thus far, encephalitis is thought to have struck in Ocean, Atlantic, and Cape May Counties. It has symptoms similar to polio or meningitis.

July 4th Baseball Leaders Lost Pace

CHICAGO (AP)—No matter who wins the playoff for the National League pennant, the July 4 leaders were shut out of the World Series in both races.

It's Los Angeles and Milwaukee who now play a best-of-three series for the flag, but it was San Francisco's Giants who led the National League on July 4—by a half-game over the Braves, then second, and 1½ games over the Dodgers, then third.

The Giants finished in third

BOB SCHEFFING LEAVES CUBS

CHICAGO (AP)—Bob Scheffing today resigned as manager of the Chicago Cubs baseball team and the club's president, Phil Wrigley, announced Charley Grimm would be Scheffing's successor in 1960. Wrigley said Scheffing has been

Wrigley said of the veteran Grimm that the club has an experienced major league manager and "Grimm's record speaks for itself."

This is the fourth time the 61-year-old Grimm, who has been serving as vice president of the

club, has been named Cub manager.

During his managerial years with the Cubs Grimm guided them to National League pennants in 1932, 1935 and 1945.

President And Khrushchev Clarify Positions On Big Problems During Long Talks

The following is the complete text of the joint communique issued shortly after 2 o'clock Sunday afternoon at the close of conferences between President Eisenhower and Russian Premier Nikita S. Khrushchev at Camp David, near Thurmont, Md.

Joint United States-Soviet communique:

The chairman of the Council of Ministers of the U.S.S.R., N. S. Khrushchev, and President Eisenhower have had a frank exchange of opinions at Camp David.

In some of these conversations the United States Secretary of State Herter and Soviet Foreign Minister Gromyko, as well as other officials from both countries, participated.

The chairman of the Council of Ministers of the U.S.S.R. and the President have agreed that these discussions have been useful in clarifying each other's position on a number of subjects. The talks were not undertaken to negotiate issues.

Goal Of Peace
It is hoped, however, that their exchanges of views will contribute to a better understanding of the

motives and position of each, and thus to the achievement of a just and lasting peace.

The chairman of the Council of Ministers of the U.S.S.R. and the President of the United States agreed that the question of general disarmament is the most important one facing the world today. Both governments will make every effort to achieve a constructive solution of this problem.

In the course of the conversation an exchange of views took place on the question of Germany, including the question of a peace treaty with Germany, in which the positions of both sides were expounded.

Understanding On Berlin
With respect to the specific Berlin question, an understanding was reached, subject to the approval of the other parties directly concerned, that negotiations would be reopened with a view to achieving a solution which would be in accordance with the interests of all concerned and in the interest of the maintenance of peace.

In addition to these matters, useful conversation was held on a number of questions affecting the relations between the Union of Soviet Socialist Republics and the

NBC'S SUNDAY SHOWCASE WINS PRAISE

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Those who have been loudly mourning the gradual disappearance of good serious drama from the television screen should give three cheers and a bulldog for NBC's Sunday Showcase. Or at least they should give it their attention because good adult drama is what the producers are trying for.

Sunday night they certainly succeeded with the first part of "What Makes Sammy Run?" This was a shocker when it was published almost 20 years ago — a serious book about a ruthless man hungry for Hollywood success and money. As a television play, adapted from the book by its author Budd Schulberg, it makes gripping viewing. If the central character isn't quite as shocking anymore it's because in 20 years Sammy Glick has become an American prototype.

Hour Shows Overlap

Larry Blyden in the title role is a vital, electric and absolutely convincing heel. John Forsythe is fine as Al, Sammy's idealistic friend. Sunday night we saw Sammy claw and cheat his way from office boy to \$500-a-week film writer. Next week we'll see him scratch and steal his way to the top of the movie heap. Don't miss it.

Sunday night is getting tough on the viewer. There are all these hour-long shows and they overlap each other.

Hour Of Singing

NB had three in a row Sunday night, a situation complicated by Ed Sullivan on CBS with a special 90-minute show and John Daly on ABC with a special docu-

United States.

These subjects included the question of trade between the two countries. With respect to an increase in exchanges of persons and ideas, substantial progress was made in discussions between officials and it is expected that certain agreements will be reached in the near future.

Peaceful Negotiations

The chairman of the Council of Ministers of the U.S.S.R. and the President of the United States agreed that all outstanding international questions should be settled not by the application of force but by peaceful means through negotiation.

Finally it was agreed that an exact date for the return visit of the President to the Soviet Union next spring would be arranged through diplomatic channels.

mentary.

I left Mr. Sullivan in Moscow in the middle of a trained bear act. His cameras, of course, showed us the usual Moscow sights, the Kremlin, Red Square et al. But when the imported American acts started performing the show seemed like any Ed Sullivan program back home in New York.

Roy Rogers, Dale Evans and Edie Adams took over Dinah Shore's spot on NBC with a folksy hour of singing, mild humor and a lot of switching back and forth between the studio — where Miss Evans and Miss Adams sang and changed dresses — to the Rogers ranch where there were horses, guitars and outdoors stuff.

Some Too Long

Then there was "The Splendid American," a filmed documentary about a group of Americans — a doctor, a teacher and an agriculture expert among them — who are helping improve the lot of the people of troubled Laos. Narrated by John Daly, the 60-minute show was designed to refute "Ugly American" stories. It was an excellent idea but except for one portion showing the clinic of Dr. Thomas A. Dooley and an

SEE T-H ACTION SOON IN STRIKE

WASHINGTON (AP) — Stalled negotiations in the 76-day-old steel strike presented a growing domestic problem today for President Eisenhower.

He and his advisers must decide whether to try to get the broken-off talks resumed, or to invoke the Taft-Hartley law's emergency provisions to end the strike at least temporarily under an 80-day court injunction.

Sens. Mike Mansfield (D-Mont) and John Sparkman (D-Ala) called on Eisenhower to take a personal hand in getting the talks going

again.

They urged a series of White House conferences with both sides, and said they opposed use of the injunctive procedure at this time.

But Eisenhower's closest advisers in the matter were reported ready to advise the President that Taft-Hartley action should come soon. They based that opinion on the growing industrial effects of the strike and a realization that several weeks would be required to resume full production even when the strike ends.

Leo Cristante and Harold (Corky) Valentine, former big leaguers, are on the Atlanta pitching staff in the Southern Assn.

NO FINES, BUT HE'S TOUGH
ST. LOUIS (AP) — Circuit Judge David A. McMullan has not imposed a single fine since he began hearing traffic cases 18 months ago, but has the reputation of a tough judge. Judge McMullan, who sits in Juvenile Court, deals only with 16-year-old traffic offenders and takes away their driving privileges on the first conviction.

DU QUOIN, Ill. (AP) — Busiest animal at the Du Quoin State Fair was a sow by the name of Ringer. She entered the judging ring, gave birth to a pig, won the reserve champion ribbon for spotted Poland China sows, and then — after returning to a pen — gave birth to five more pigs.
